Photronics to Present at the Susquehanna Financial Group's Emerging Trends Conference

BROOKFIELD, Connecticut October 19, 2006 -- Photronics, Inc. (Nasdaq:PLAB), a worldwide leader in supplying innovative imaging technology solutions for the global electronics industry, today announced that it is scheduled to present at Susquehanna Financial Group's Emerging Trends Conference at 12:00 noon Eastern Time, on Wednesday, November 1, 2006. A webcast link will be posted on www.photronics.com.

Photronics is a leading worldwide manufacturer of photomasks. Photomasks are high precision quartz plates that contain microscopic images of electronic circuits. A key element in the manufacture of semiconductors and flat panel displays, photomasks are used to transfer circuit patterns onto semiconductor wafers and flat panel substrates during the fabrication of integrated circuits, a variety of flat panel displays and, to a lesser extent, other types of electrical and optical components. They are produced in accordance with product designs provided by customers at strategically located manufacturing facilities in Asia, Europe, and North America.
