

Photronics to Present at the Stifel Nicolaus 2012 Technology & Telecom Conference; Photronics to Report First Quarter Earnings and Host Public Conference Call

BROOKFIELD, Conn.--(BUSINESS WIRE)-- [Photronics, Inc.](http://www.photronics.com) (Nasdaq:PLAB), a worldwide leader in supplying innovative imaging technology solutions for the global electronics industry, is scheduled to present at the Stifel Nicolaus 2012 Technology and Telecom Conference on Wednesday, February 8, 2012 at 10:55 a.m. Pacific Time at the St. Regis Monarch Beach in Dana Point, California. A live webcast of the presentation can be accessed at www.photronics.com.

Photronics will also announce financial results for the first quarter of fiscal 2012 on Wednesday, February 15, 2012 at approximately 4:30 p.m. Eastern Time.

Company management will host a public conference call on Thursday, February 16, 2012 at 8:30 a.m. Eastern Time to discuss Photronics' quarterly results and business highlights. During the call, Company management will respond to questions concerning, but not limited to, the Company's financial performance, business conditions and industry outlook. Some of these responses may contain information that has not been previously disclosed.

Analysts, investors, and the media may participate in the call by dialing (408) 774-4601. Participants outside of the United States and Canada can access the call using the same number. It is suggested that participants call in five minutes prior to the call's scheduled start time. This call will also be broadcasted live on Photronics' website at www.photronics.com.

About Photronics

[Photronics](http://www.photronics.com) is a leading worldwide manufacturer of [photomasks](http://www.photronics.com). Photomasks are high precision quartz plates that contain microscopic images of electronic circuits. A key element in the manufacture of semiconductors and flat panel displays, photomasks are used to transfer circuit patterns onto semiconductor wafers and flat panel substrates during the fabrication of integrated circuits, a variety of flat panel displays and, to a lesser extent, other types of electrical and optical components. They are produced in accordance with product designs provided by customers at strategically located manufacturing facilities in Asia, Europe, and North America. Additional information on the Company can be accessed at www.photronics.com.

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements made by or on behalf of Photronics, Inc. and its subsidiaries (the Company). The forward-looking statements contained in this press release and other parts of Photronics' web site involve risks and uncertainties that may affect the Company's operations, markets, products, services, prices, and other factors as discussed in filings with the United States Securities and Exchange Commission. These risks and uncertainties include, but are not limited to, economic, competitive, legal, governmental, and technological factors. Accordingly, there is no assurance that the Company's expectations will be realized. The Company assumes no obligation to provide revisions to any forward-looking statements.
